# Find Jobs

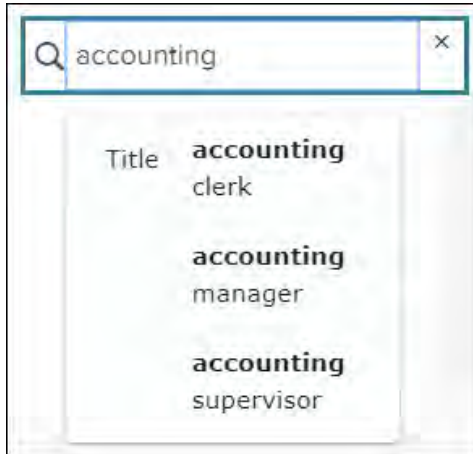

You can find jobs using search as follows.

1. Type a search term in the search box. You can further limit the search by providing a state, city, or zip code. For example:

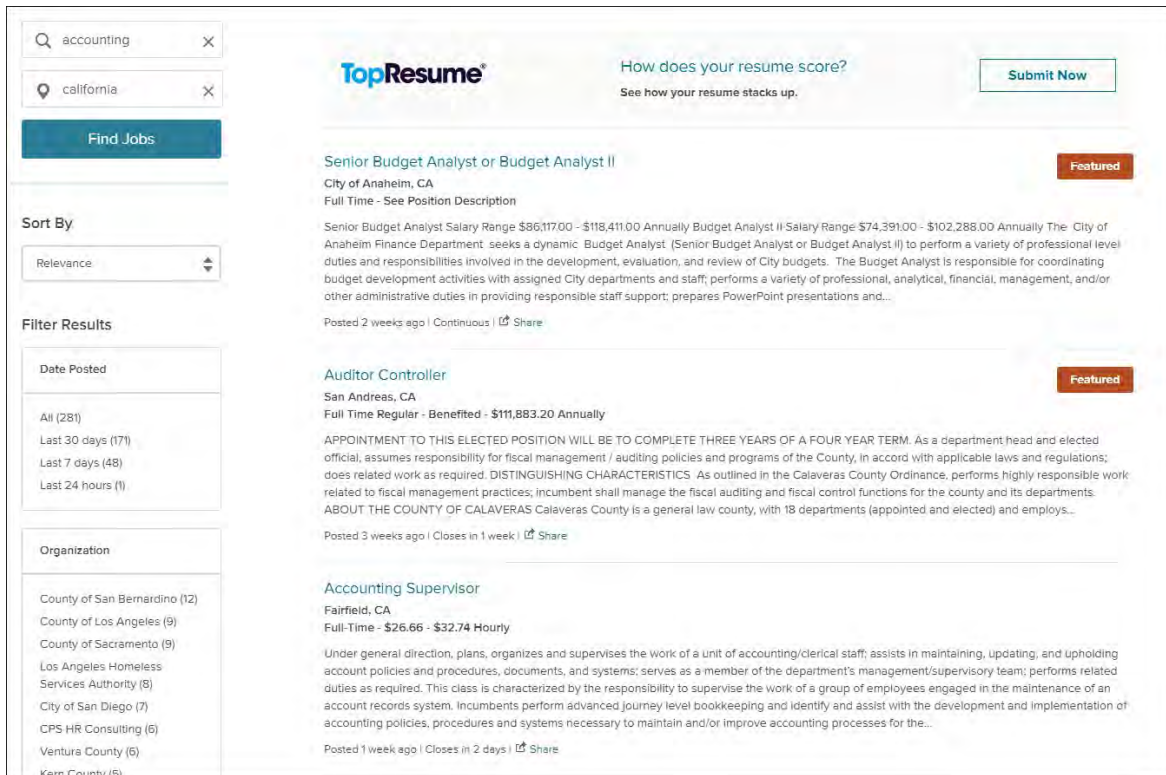

A search bar interface with two input fields. The first field contains the text 'accountant' and the second field contains 'california'. Both fields have a small 'x' icon to clear the text. To the right of the input fields is a blue button with the text 'FIND JOBS' in white capital letters.

As you type in these boxes, it suggests jobs or locations that match, for example:

A search bar with the text 'accounting' entered. Below the search bar is a dropdown menu with three suggestions: 'accounting clerk', 'accounting manager', and 'accounting supervisor'. Each suggestion is preceded by the word 'Title'.

2. Click Find Jobs.
3. The jobs that match your search are shown, for example:

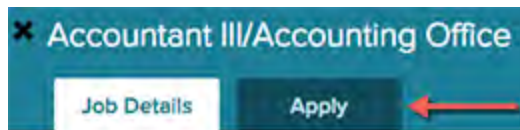

The screenshot shows a job search results page on TopResume.com. On the left side, there are search filters for 'accounting' and 'california', a 'Find Jobs' button, and a 'Sort By' dropdown set to 'Relevance'. Below that are 'Filter Results' sections for 'Date Posted' (All (281), Last 30 days (17), Last 7 days (48), Last 24 hours (1)), 'Organization' (County of San Bernardino (12), County of Los Angeles (9), County of Sacramento (9), Los Angeles Homeless Services Authority (8), City of San Diego (7), CPS-HR Consulting (6), Ventura County (6), Kern County (6)), and 'Organization'. The main content area shows three job listings, each with a 'Featured' badge. The first listing is 'Senior Budget Analyst or Budget Analyst II' in Anaheim, CA, with a salary range of \$74,391.00 - \$102,288.00. The second listing is 'Auditor Controller' in San Andreas, CA, with a salary of \$111,883.20 annually.
